# Dermaplaning Aftercare

- Use SPF of minimum 30 every single day regardless of the weather.
- Do not have any other facial treatments whilst undergoing your treatment course.
- Do not use any exfoliating products for at least one week after the final professional treatment.

It is important to follow the specific aftercare instructions provided to ensure the best possible healing and results. If you have any questions or concerns about the aftercare process, be sure to ask your practitioner for more guidance.
