In case of emergency or if you have any concerns
following this treatment please contact us

LVL Lash Afercare

- Our LVL Lash Lift is a low maintenance treatment meaning you don't need to return to the clinic after your treatment.

AFTER YOUR LVL TREATMENT

- For the first 24 hours after your treatment it's important not to allow water to come in to contact with your lashes.
- For 2 days afterwards do not steam your face, use a steam bath, swim or wash your face with excessively hot water.
- Do not use waterproof mascara.
- Use oil free make-up remover if mascara is worn (only use a water-based mascara).
- Don't rub your eyes when washing your face – always pat the lashes dry after cleansing.
- Ensure lashes are not manipulated into different positions (e.g. when sleeping, cleansing the face, applying moisturiser or cosmetics)
- If you're in any doubt, please ask for expert advice on how best to look after your LVL lashes.

It is important to follow the specific aftercare instructions provided to ensure the best possible healing and results. If you have any questions or concerns about the aftercare process, be sure to ask your practitioner for more guidance.
